

How can we plan and create a fair feast?

Success Criteria

- ❑ Generate a list of appropriate seasonal foods that we want to include in our fair feast
- ❑ Show that we understand the food web and how different organisms are connected
- ❑ Describe how seasonal vegetables grow and what conditions help them survive
- ❑ Use fractions to represent amounts of food in our drawings and explanations
- ❑ Explain our fractions and our decisions using math vocabulary
- ❑ Work cooperatively (if working with others), and with a positive attitude
